GEORGIA PRE-K PROGRAM

Excellence Starts Early /

School Year | 2026-2027

As a highly-rated provider, Trinity Early AME Learning Center's early education program is designed to equip children aged six weeks to four years with the skills they need to be "ready to learn" as they enter kindergarten.

**NURTURE
TEACH
COMMUNICATE**

ATTRIBUTES OF SUCCESS

- Trinity Early AME Learning Center's prekindergarten program provides a nurturing, safe environment for children to start their educational journey.
- Children participate in quality instructional programs which targets language development, reasoning, problem solving, social skills, behavior, and emotional health.
- Children are provided with breakfast, lunch, and an afternoon snack to keep their minds active while they are enjoying, exploring, and learning in their classroom.
- Our teachers assess each child's development throughout the year, to help guide planning, teaching, and partnerships with parents.

COMMUNICATION

Through the utilization of the ProCare Parent Portal, Trinity AME Early Learning Center is able to communicate with parents in real time by informing them of daily events, planned curricular events, and upcoming assessments.

Our Parent Portal allows parents to receive play-by-play updates including videos and pictures of their students thriving through hands-on learning, mentoring, and guidance as they grow-inside and outside the classroom.

AGE REQUIREMENT

All students entering the PreK program must be four years old before or on September 1. This requirement ensures that all children entering the PreK program are at a similar developmental stage, providing a more cohesive and effective learning environment.

This policy helps manage classroom dynamics, as it reduces the age range among students, enabling teachers to plan activities that are suitable for all children in the program. Additionally, this requirement aligns with many school district standards, ensuring consistency across educational systems and aiding in the transition to kindergarten by maintaining a structured age progression.

★ NO COST

TO ATTEND GEORGIA PRE-K!

Georgia Pre-K is a state-funded program.

There is NO COST for attendance.

The only requirements are:

- ✓ Parent must be a resident of Georgia.
- ✓ Student must turn four years old before September 1.

If parents require additional care for their children either before the program starts or after the program ends, they may utilize our before and after care services for a cost.

- ✓ Proof of Georgia Residency (Utility bill, lease agreement, driver's license, etc.)

MISSION

Our mission is to deliver an exceptional early childhood experience, emphasizing the educational development of young children while offering support services and information to their families.

VISION

Our vision is to be a safe, Christian, and professional environment dedicated to educational excellence.

ATTENDANCE EXPECTATIONS

Trinity AME Early Center is dedicated to providing essential resources for every child in its care. Each seat in the program is a valuable opportunity for the children of Atlanta. It is important to note that a child may lose their seat and be removed from the PANDA roster if they are absent for 10 or more days without a valid reason, such as a medical issue. This policy ensures that all children have access to the educational support they need to thrive.

HEALTH & SAFETY

Our illness policy is designed to safeguard both the teaching staff and the other students in the classroom.

- If a child has a fever of 101.0 degrees or higher, the teacher is required to reach out to the child's parent or emergency contact for pickup.
- If a child experiences three or more loose stools within an hour, the teacher must also contact the parent or emergency contact for pickup.

Thank you ❤️

Each day, children engage in a rigorous schedule of carefully planned activities designed to foster their social, emotional, physical, and cognitive development as they prepare for kindergarten. These activities are thoughtfully structured to provide a balanced approach, ensuring that young learners build essential skills in each domain. Socially, they learn to interact with peers and develop teamwork and communication skills. Emotionally, children are guided to express their feelings and develop resilience. Physically, they participate in exercises that enhance motor skills and overall health. Cognitively, they are introduced to foundational concepts that spark curiosity and encourage problem-solving. This holistic approach ensures that children are well-prepared for the challenges and opportunities of kindergarten.
