

TRINITY A.M.E. EARLY LEARNING CENTER

NURTURE • TEACH • COMMUNICATE

Excellence Starts Early.

A SAFE, NURTURING,
AND ENGAGING
ENVIRONMENT
WHERE CHILDREN
LEARN, GROW,
AND BELONG.

INFANT PROGRAM 6 WEEKS – 12 MONTHS

Infancy is a precious and powerful stage of development, filled with rapid growth, discovery, and connection. Our Infant Program provides a nurturing and stimulating environment where babies begin their early learning journey.

- Loving and attentive care
- Individualized routines (feeding, rest, and developmental activities)
- Sensory play, music, and movement
- Support for physical, emotional, social, and cognitive development
- Warm, cozy classrooms designed for comfort and exploration

\$200 PER WEEK

TODDLER ONE AGES 1 – 2

Children in our Toddler One classroom begin exploring their environment through interactive play, sensory experiences, music, movement, and age-appropriate learning activities.

CHILDREN ENJOY:

- Hands-on exploration and sensory play
- Music, movement, and story time
- Interactive learning and play centers
- Activities that encourage language and early communication
- Opportunities to practice sharing, following routines, and safe play

\$185 PER WEEK

TODDLER TWO AGES 2 – 3

Our Toddler Two classroom builds on these early experiences with increased opportunities for movement, creativity, communication, and independent discovery.

CHILDREN EXPERIENCE:

- Creative Curriculum learning activities
- Dramatic play, dress-up, and imagination centers
- Songs, stories, and early number, shape, and color recognition
- Manipulative activities that strengthen coordination and fine motor skills
- Family-style meals and small-group learning experiences
- Opportunities to practice independence and age-appropriate self-help skills

\$180 PER WEEK

PRESCHOOL PROGRAM AGES 3 – 4

Trinity's Preschool Program prepares young learners for the next stage of their educational journey. At this exciting age, children's curiosity, understanding, and independence grow rapidly. Our program introduces more structured learning experiences that strengthen academic readiness, confidences, and a love for learning.

CHILDREN WILL BEGIN TO:

- Recognize letters, numbers, shapes, and patterns
- Connect spoken words with letters and sounds
- Build language, literacy, and early reading skills
- Develop problem-solving and critical thinking
- Explore science, social studies, and the world around them
- Express creativity through art, storytelling, and imaginative play

\$175 PER WEEK
